

January 7, 2020

Dear Customer/Distributor:

Enclosed you will find MacDermid Enthone's annual letters of qualification for the following specifications:

- ❖ 50-Series Legend Inks to A-A-56032 D
- ❖ 50-Series Legend Inks to MIL-I-43553 A
- ❖ M-Series Marking Inks to A-A-56032 D
- ❖ M-Series Marking Inks to MIL-I-43553 A

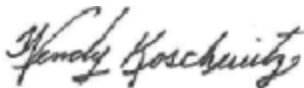

In order to issue a letter of "certification" to the MIL-I-43553 A we must conduct compliance testing for specific lot combinations of ink/catalyst. There is a charge and lead-time associated with this testing. Please contact your customer service representative for details.

We do not issue "certification" to the A-A-56032 D. This specification is a CID (Commercial Item Description). In order to issue certification, we must conduct testing to all of the salient characteristics of the specification. Because the cost would be prohibitive for our customers, we just maintain qualification.

Also enclosed are MacDermid Enthone's annual certifications of compliance to our internal specifications for the 50- and M-series inks.

If you should have any questions, please feel free to contact me directly. I can be reached at 203-932-8521 or via e-mail at [Wendy.Koschwitz@MacDermidAlpha.com](mailto:Wendy.Koschwitz@MacDermidAlpha.com)

Thank you,

Wendy Koschwitz
